

according to Regulation (EC) No 1907/2006

## N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

Page 1 of 12

## SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

N,N-Dimethylformamid

| REACH Registration Number: | 01-2119475605-32-XXXX |
|----------------------------|-----------------------|
| CAS No:                    | 68-12-2               |
| Index No:                  | 616-001-00-X          |
| EC No:                     | 200-679-5             |
|                            |                       |

## 1.2. Relevant identified uses of the substance or mixture and uses advised against

## Use of the substance/mixture

Laboratory chemicals Industrial uses: Uses of substances as such or in preparations at industrial sites Professional uses: Public domain (administration, education, entertainment, services, craftsmen)

#### Uses advised against

Do not use for private purposes (household).

| .3. Details of the supplier of the safety data sheet |
|------------------------------------------------------|
|------------------------------------------------------|

| 1.3. Details of the supplier of the saf | ety data sheet                                                                             |                                     |

## **Further Information**

No data available

#### **SECTION 2: Hazards identification**

## 2.1. Classification of the substance or mixture

## Regulation (EC) No 1272/2008

Flam. Liq. 3; H226 Repr. 1B; H360D Acute Tox. 4; H332 Acute Tox. 4; H312 Eye Irrit. 2; H319

Full text of hazard statements: see SECTION 16.

## 2.2. Label elements

Pictograms:

### Regulation (EC) No 1272/2008

Signal word:

according to Regulation (EC) No 1907/2006

## N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

Page 2 of 12

### Hazard statements

| H226      | Flammable liquid and vapour.                |
|-----------|---------------------------------------------|
| H312+H332 | Harmful in contact with skin or if inhaled. |
| H319      | Causes serious eye irritation.              |
| H360D     | May damage the unborn child.                |

#### **Precautionary statements**

| P201                   | Obtain special instructions before use.                                                                |
|------------------------|--------------------------------------------------------------------------------------------------------|
| P210                   | Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.         |
| P280                   | Wear protective gloves/protective clothing/eye protection/face protection/hearing<br>protection.       |
| P308+P313<br>P403+P235 | IF exposed or concerned: Get medical advice/attention.<br>Store in a well-ventilated place. Keep cool. |
|                        |                                                                                                        |

### Special labelling of certain mixtures

Restricted to professional users.

## 2.3. Other hazards

No data available

## **SECTION 3: Composition/information on ingredients**

### 3.1. Substances

| Sum formula:      | HCON(CH3)2  |
|-------------------|-------------|
| Molecular weight: | 73,09 g/mol |

## **Relevant ingredients**

| CAS No                                                                                      | S No Chemical name                           |                       |  | Quantity |

| 68-12-2                                                                                                                                        | 200-679-5 | N,N-dimethylformamide | 100 %    |
| inhalation: LC50 = > 5,85 mg/l (vapours); inhalation: ATE = 1,5 mg/l (dusts or mists); dermal:<br>LD50 = > 3160 mg/kg; oral: LD50 = 3010 mg/kg |           |                       |          |

## **Further Information**

SVHC substance.

## **SECTION 4: First aid measures**

## 4.1. Description of first aid measures

#### **General information**

Self-protection of the first aider

## After inhalation

Provide fresh air.

If breathing is irregular or stopped, administer artificial respiration. Call a physician immediately.

# N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

Page 3 of 12

## After contact with skin

Wash immediately with: Water Take off immediately all contaminated clothing and wash it before reuse. Call a physician immediately.

#### After contact with eyes

In case of contact with eyes flush immediately with plenty of flowing water for 10 to 15 minutes holding eyelids apart and consult an ophthalmologist.

Remove contact lenses, if present and easy to do. Continue rinsing.

#### After ingestion

Rinse mouth immediately and drink plenty of water. Call a physician immediately.

#### 4.2. Most important symptoms and effects, both acute and delayed

Irritant

### 4.3. Indication of any immediate medical attention and special treatment needed

No data available

### **SECTION 5: Firefighting measures**

#### 5.1. Extinguishing media

#### Suitable extinguishing media

Foam Carbon dioxide (CO2) Extinguishing powder Water

#### Unsuitable extinguishing media

no restriction

#### 5.2. Special hazards arising from the substance or mixture

Combustible liquids Hazardous combustion products In case of fire may be liberated: Nitrogen oxides (NOx) Vapours are heavier than air, spread along floors and form explosive mixtures with air. Heating causes rise in pressure with risk of bursting.

## 5.3. Advice for firefighters

In case of fire: Wear self-contained breathing apparatus. In case of fire and/or explosion do not breathe fumes. Avoid contact with skin, eyes and clothes.

#### Additional information

Collect contaminated fire extinguishing water separately. Do not allow entering drains or surface water. Move undamaged containers from immediate hazard area if it can be done safely. Use water spray jet to protect personnel and to cool endangered containers.

## **SECTION 6: Accidental release measures**

## 6.1. Personal precautions, protective equipment and emergency procedures

#### General advice

Keep away from sources of ignition - No smoking.

This material can be ignited by heat, sparks, flames, or other sources of ignition (e.g., static electricity, pilot lights, mechanical/electrical equipment, and electronic devices such as cell phones, computers, calculators, and pagers which have not been certified as intrinsically safe).

Take action to prevent static discharges.

## N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

Page 4 of 12

## For non-emergency personnel

Provide adequate ventilation. Use personal protection equipment. Avoid contact with skin, eyes and clothes. Remove persons to safety. Emergency procedures Do not breathe dust/fume/gas/mist/vapours/spray.

#### For emergency responders

Precautionary statements For emergency responders : Personal protection equipment: see section 8

#### 6.2. Environmental precautions

Do not allow to enter into surface water or drains.

The vapour of the product is heavier than air and may accumulate below ground level, in pits, channels and basements in higher concentration.

Danger of explosion

## 6.3. Methods and material for containment and cleaning up

#### For containment

Cover drains.

Prevent spread over a wide area (e.g. by containment or oil barriers). Collect in closed and suitable containers for disposal.

Absorb with liquid-binding material (sand, diatomaceous earth, acid- or universal binding agents).

## For cleaning up

Clean contaminated articles and floor according to the environmental legislation.

#### Other information

Provide adequate ventilation. Do not breathe dust/fume/gas/mist/vapours/spray. Wear breathing apparatus if exposed to vapours/dusts/aerosols.

## 6.4. Reference to other sections

Safe handling: see section 7 Personal protection equipment: see section 8 Disposal: see section 13

## **SECTION 7: Handling and storage**

## 7.1. Precautions for safe handling

#### Advice on safe handling

Avoid exposure - obtain special instructions before use. Read label before use. Handle and open container with care. When using do not eat, drink, smoke, sniff. Keep container tightly closed. Use personal protection equipment. Use extractor hood (laboratory). Do not breathe gas/fumes/vapour/spray. Provide adequate ventilation.

#### Advice on protection against fire and explosion

Take action to prevent static discharges. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

## Advice on general occupational hygiene

Keep away from food, drink and animal feedingstuffs.

#### Further information on handling

Take off immediately all contaminated clothing and wash it before reuse. Draw up and observe skin protection programme. Wash hands and face before breaks and after work and take a shower if necessary. If handled uncovered, arrangements with local exhaust ventilation have to be used. Store in a place accessible by authorized persons only.

## 7.2. Conditions for safe storage, including any incompatibilities

## N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

Page 5 of 12

## Requirements for storage rooms and vessels

Keep in a cool, well-ventilated place.

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

#### Further information on storage conditions

Keep container tightly closed. Keep cool. Protect from sunlight. storage temperature +5°C - +30°C

## 7.3. Specific end use(s)

Laboratory chemicals

## **SECTION 8: Exposure controls/personal protection**

#### 8.1. Control parameters

### Occupational exposure limits

| CAS No  | Substance         | ppm | mg/m³ | fib/cm³ | Category      | Origin |
|---------|-------------------|-----|-------|---------|---------------|--------|
| 68-12-2 | Dimethylformamide | 5   | 15    |         | TWA (8 h)     |        |
|         |                   | 10  | 30    |         | STEL (15 min) |        |

## **Biological limit values**

### 8.2. Exposure controls

#### Appropriate engineering controls

Technical measures and the application of suitable work processes have priority over personal protection equipment.

If handled uncovered, arrangements with local exhaust ventilation have to be used.

### Individual protection measures, such as personal protective equipment

## Eye/face protection

goggles Face protection umbrella

#### Hand protection

Protective gloves are recommended Company KCL GmbH, D-36124 Eichenzell, email: vertrieb@kcl.de With specification (test according to EN374):

By long-term hand contact Trade name/designation KCL 898 Butoject® Suitable material: Butyl caoutchouc (butyl rubber) 0,7 mm Wearing time with permanent contact: > 480 min

By short-term hand contact Trade name/designation KCL 890 Vitoject® Suitable material: FKM (fluoro rubber) 0,7 mm Wearing time with occasional contact (splashes): > 240 min

The breakthrough times stated above were determined by KCL in laboratory tests acc. to EN374 with samples of the recommended glove types. This recommendation applies only to the product stated in the safety data sheet<(>,<)> supplied by us and for the designated use. When dissolving in or mixing with other substances and under conditions deviating from those stated in EN374 please contact the supplier of CE-approved gloves (e.g. KCL GmbH, D-36124 Eichenzell, Internet: www.kcl.de).

#### Skin protection

Take off immediately all contaminated clothing and wash it before reuse.

Wear fire resistant or flame retardant clothing.

Wash hands and face before breaks and after work and take a shower if necessary.

Draw up and observe skin protection programme.

### **Respiratory protection**

Wear breathing apparatus if exposed to vapours/dusts/aerosols. Filtering device with filter or ventilator filtering device of type: A-(P2)

## **Environmental exposure controls**

Do not allow to enter into surface water or drains. Due to danger of explosion, prevent leakage of vapours into cellars, flues and ditches.

according to Regulation (EC) No 1907/2006

# N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

| SECTION 10: Stability and reactivity |                     |              |  |  |

#### 10.1. Reactivity

In case of warming:

Vapours may form explosive mixtures with air.

## 10.2. Chemical stability

The product is stable under storage at normal ambient temperatures.

## 10.3. Possibility of hazardous reactions

Oxidising agent Alkali metals Reducing agent Isocyanates Phosphorus oxides Bromine Chlorine permanganates, e.g. potassium permanganate NO3, Na

#### 10.4. Conditions to avoid

Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking.

## 10.5. Incompatible materials

Plastic articles copper Copper alloys Tin

### 10.6. Hazardous decomposition products

SECTION 5: Firefighting measures

### Further information

No data available

## **SECTION 11: Toxicological information**

## 11.1. Information on hazard classes as defined in Regulation (EC) No 1272/2008

## Toxicocinetics, metabolism and distribution

Avoid exposure - obtain special instructions before use.

## Acute toxicity

Harmful in contact with skin. Harmful if inhaled.

according to Regulation (EC) No 1907/2006

## N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

### Irritation and corrosivity

Causes serious eye irritation.

Skin corrosion/irritation: Based on available data, the classification criteria are not met.

## Sensitising effects

Based on available data, the classification criteria are not met.

#### Carcinogenic/mutagenic/toxic effects for reproduction

May damage the unborn child. (N,N-dimethylformamide) Germ cell mutagenicity: Based on available data, the classification criteria are not met. Carcinogenicity: Based on available data, the classification criteria are not met.

#### STOT-single exposure

Based on available data, the classification criteria are not met. kidneys

liver

## STOT-repeated exposure

Based on available data, the classification criteria are not met.

#### Aspiration hazard

Based on available data, the classification criteria are not met.

#### Information on likely routes of exposure

No data available

## Specific effects in experiment on an animal

No data available

## Additional information on tests

No data available

# Practical experience

No data available

## 11.2. Information on other hazards

## Endocrine disrupting properties

No data available

Other information No data available

## **Further information**

Headache Dizziness Dizziness

## **SECTION 12: Ecological information**

## 12.1. Toxicity

according to Regulation (EC) No 1907/2006

## N,N-Dimethylformamid

Revision date: 02.11.2023

## 12.2. Persistence and degradability

100 %; 21 d; aerob OECD 301E Readily biodegradable (according to OECD criteria).

## 12.3. Bioaccumulative potential

No indication of bioaccumulation potential.

#### Partition coefficient n-octanol/water

| 68-12-2 N,N-dimethylformamide | -0,85 |
|-------------------------------|-------|

## BCF

| CAS No  | Chemical name         | BCF       | Species         | Source               |
|---------|-----------------------|-----------|-----------------|----------------------|
| 68-12-2 | N,N-dimethylformamide | 0,3 - 1,2 | Cyprinus carpio | REACh Registration D |

## 12.4. Mobility in soil

No data available

## 12.5. Results of PBT and vPvB assessment

This substance does not meet the PBT/vPvB criteria of REACH, annex XIII.

## 12.6. Endocrine disrupting properties

This substance does not have endocrine disrupting properties with respect to non-target organisms.

## 12.7. Other adverse effects

Do not allow to enter into surface water or drains.

#### Further information

Avoid release to the environment.

## **SECTION 13: Disposal considerations**

## 13.1. Waste treatment methods

## Disposal recommendations

Waste disposal according to directive 2008/98/EC, covering waste and dangerous waste.

according to Regulation (EC) No 1907/2006

## N,N-Dimethylformamid

Revision date: 02.11.2023

Product code: 28126

Page 11 of 12

Send to a physico-chemical treatment facility under observation of official regulations. Do not empty into drains.

## Contaminated packaging

Handle contaminated packages in the same way as the substance itself.

The allocation of waste identity numbers/waste descriptions must be carried out according to the EEC, specific to the industry and process.

## **SECTION 14: Transport information**

| Land transport (ADR/RID)                                              |                       |  |

Page 12 of 12

## **SECTION 15: Regulatory information**

## 15.1. Safety, health and environmental regulations/legislation specific for the substance or mixture

## EU regulatory information

Authorisations (REACH, annex XIV):

This substance has been listed as SVHC (substance of very high concern) in the Candidate List according to Article 59 of REACH.

#### Restrictions on use (REACH, annex XVII):

Entry 3, Entry 30, Entry 40 Information according to Directive 2012/18/EU (SEVESO III):

P5c FLAMMABLE LIQUIDS

## National regulatory information

Employment restrictions:

Observe restrictions to employment for juveniles according to the 'juvenile work protection guideline' (94/33/EC). Observe employment restrictions under the Maternity Protection Directive (92/85/EEC) for expectant or nursing mothers. Observe employment restrictions for women of child-bearing age. 2 - obviously hazardous to water

Water hazard class (D):

## **SECTION 16: Other information**

## Abbreviations and acronyms

Flam. Liq: Flammable liquid Acute Tox: Acute toxicity Eye Irrit: Eye irritation Repr: Reproductive toxicity

#### **Further Information**

The above information describes exclusively the safety requirements of the product and is based on our present-day knowledge. The information is intended to give you advice about the safe handling of the product named in this safety data sheet, for storage, processing, transport and disposal. The information cannot be transferred to other products. In the case of mixing the product with other products or in the case of processing, the information on this safety data sheet is not necessarily valid for the new made-up material. The information is based on the present level of our knowledge. It does not, however, give assurance of product properties and establishes no contract legal rights.

The receiver of our product is singularly responsible for adhering to existing laws and regulations.
